

7th training style workshop: simulation of C stocks dynamics in afforestation (planting or natural expansion) by open source simulator CO2fix

1st workshop style training, 15-17 January 2019, Ankara

“Technical Assistance for Developed Analytical Basis for Land Use, Land Use Change and Forestry (LULUCF) Sector”

Project identification no. EuropeAid/136031/IH/SER/TR

CO2fix to be download from: <http://dataservices.efi.int/casfor/models.htm>

Activities:

- a) Discuss the input in the model and runt the model using as example file “Robinia(V) Baseline.co2” provided;
- b) Check the pools simulated, e.g. by representing them in excel graphs
